Ricardo Aroca Award

Formerly the Maxxam Award

This award is presented to a scientist residing in Canada who has made a distinguished contribution to the field of analytical chemistry while working in Canada. It is available to government, industry and academia, on a rotating basis.

Terms of Reference

Deadline: July 2 of every year

Sponsor: University of Windsor

Award: A framed scroll, \$1,000 cash and up to \$1,000 for travel expenses to the CSC Conference, if required. This award is on a rotating basis:

- Nominations being considered for the 2018 selection will be from academia (deadline July 2, 2017)
- Nominations being considered for the 2019 selection will be from industry and government (deadline July 2, 2018)
- Nominations being considered for the 2020 selection will be from academia, industry and government (deadline July 2, 2019)
- The recipient will be required to present an award lecture at the Canadian Chemistry Conference and Exhibition.

Nominations must include:

- **Citation** (250 word maximum) statement of why the candidate should receive the award. This is the key document in the nomination and this information should be relevant to the achievements for which the award is being offered.
- **Biographical Sketch** (maximum one page) This provides background information on the nominee and summarizes past accomplishments. This is a summary of information obtained from a C.V.
- **Curriculum Vitae** (maximum nine pages).
- **Supporting Letters** (3 to 5) At least two letters must be from outside the nominee's organization.

Membership in the Institute is not a prerequisite for this award.

All nominations will remain in force for three years. Nominators are responsible for keeping the record of the nominee up to date and complete.

Selection Committee:

- CSC Director of Awards as non-voting Chair
- Chair of the Analytical
- Past two winners of the Maxxam Award
- No member of which is to be an employee of Maxxam Analytics

The award shall be presented annually unless the Committee considers that no suitable candidate has been nominated.
