# CSCT Awards

The CSChT Awards program recognizes outstanding contributions to further chemical technology or influence others to learn about it.

This CSCT Awards Handbook provides the Terms of Reference for their awards along with a list of current and past winners. The awards are:

Norman and Marion Bright Memorial Award

Award for Chemistry Teaching At Community and Technical Colleges (presently not offered)

## Norman and Marion Bright Memorial Award

### Terms of Reference

The award shall be presented to an individual who has made an outstanding contribution in Canada to the furtherance of chemical technology. The person so honoured may be either a chemical sciences technologist, or a person from outside the field who has made a significant and noteworthy contribution to its advancement.

**Deadline:** December 1 for the following year's award

**Sponsor:** CIC Chemical Education Fund

**Award:** A framed certificate, an honorarium of \$500.

### Nominations must include:

- A detailed outline of the contribution of the nominee to the advancement of chemical technology, and the reasons why the Award is merited.
- Technical scientific achievement need not be the only consideration in the assessment of a nominee.
- Curriculum Vitae (maximum nine pages).
- Supporting Letters (1 or more )
- 
- Membership in the Institute is not a prerequisite for this award.

All nominations will remain in force for three years. Nominators are responsible for keeping the record of the nominee up to date and complete.

### Selection Committee:

- CSCT President (chair)
- Up to three additional members as appointed by the CSCT Board

The award shall be presented annually unless the committee considers that no suitable candidate has been nominated.

This award was established by the Canadian Society for Chemical Technology (CSCT) to commemorate the devotion of Norman and Marion Bright to the Chemical Institute of Canada, culminating in Norman's service as Treasurer from 1967–1970, and Marion's as Manager of Membership Services from 1970–1974.
