Hawkesbury Local Section – Tour of Optest and Dinner

On Tuesday, May 9 we will tour Optest. This company was started by one of our own members, Roland Trepanier, and makes optical equipment for measuring the quality of pulp and paper. We will meet at 5:00 pm at the Optest plant on Tupper Street for a tour and presentation. This will be followed by supper at restaurant Carole, and the Section's Annual General Meeting.

Looking forward to seeing you on May 9

Don Mutton
Secretary
