

OPEN TALK AND NETWORKING EVENT

September 20, 2017

16:45-18:30

Bow Building, 500 Centre St S, Calgary

Refreshments will be provided

Join the Canadian Society for Chemical Engineering (CSCHE), the Institution of Chemical Engineers (IChemE) and the University of Calgary CSCHE Student Chapter (CESS) for this special event.

We are happy to have **Mark Little** talking about building and advancing your career in a challenging environment, including a discussion on soft skills and competencies engineers need to focus on to advance their careers in good and bad times.

Mark is the Vice-President of Health & Safety at Cenovus Energy. Mark's career spans more than 20 years in the Canadian and international energy business – with leadership positions in Europe, Africa, the Middle East and North America. Prior to his current role, he spent three years as the Vice-President Business Excellence in Cenovus implementing the Cenovus Operating Management System, and in his last role with Shell Canada, he implemented an Oil Sands Lean manufacturing system. Prior to that, he spent 15 years with Shell International in various international postings in production geology, asset and reservoir management, development planning and cost leadership.

Mark earned a Master's degree in Earth Sciences from Oxford University and a PhD in Rapid Climate Change. Mark is a passionate and committed member of Scouts Canada – currently in the role of Commissioner for Scouts Canada, responsible for more than 10,000 youth and Scouters.

Prior registration is required and refreshments will be provided.

**This is a complimentary event for CSCHE, IChemE, CPEG and CESS members
Registration is required due to space limitations**
