

CSA Z767 ROLLOUT UPDATE

TEAM GOALS

- Rollout of CSA Z767 in order to engage as many organizations as possible with the goal of obtaining standard adoption by industry and regulators
- Long term goal is to gain enough traction in industry and provide comprehensive info session such that Z767 can be auditable
- Z767 was issued in early 2017.:
 - We want to capitalize on this opportunity to maintain momentum in industry outreach and gain visibility

WHO ARE WE TARGETING?

- Three key audiences:
 1. Regulators
 2. Organizations already engaged in PSM activities
 3. Organizations with little to no PSM knowledge (possible OHS knowledge)

TEAM MEMBERS

- Jyoti Patel
- Roland Andersson
- Graeme Norval
- Gerry Phillips
- Suzanne Mathews
- Amanda Sistilli
- Guy Brouillard
- Adrian Pierorazio
- Francois Roche
- Parnian Jadidian
- Supraja Sridharan

PROGRESS TO DATE

- Regulator and Chemical Association Presentations have been underway
- Guy and Francois completed a presentation in Oct. 2017 with CRAIM, CIAC and CSA members present in Quebec
 - Slide deck is appropriate for audience 2
- Breakout sessions and preliminary content developed for audience 3 for a 1 day workshop
- Discussions with Tara Leitan (CSA) regarding Z767 copywrite management
- Until recently, there has been some disjointed communication and facetime between seeking audiences and preparing content
 - Team has been meeting throughout this week in order to regain traction and determine a path forward

PATH FORWARD

- Target audience 2 (organizations already on board with PSM) initially
 - Content is in French (target of mid-November for translation)
 - Easy to garner an audience from this group
 - Presentation/workshop can be organized as 1-2 hour sessions
- Creation of 2 sub-committees (Content Development and Outreach Teams)
- Content Development Team will finalize content (targeting audience 2) by Dec. 2017
- Outreach team will create a plan for potential 2018 presentations by Dec. 2017

COMMITTEE STRUCTURE

- Overall Coordinator: Jyoti
- Content Development
 - Amanda
 - Gerry
 - Parnian
 - Guy
 - Supraja
- Outreach Team
 - Graeme
 - Adrian
 - Suzanne
 - Francois

OPPORTUNITIES

- Presenters:
 - We need a deck of presenters (if you are interested, please let us know!)
 - Industry specific support is key
- Keep CSA in the loop of our progress and what we want to achieve
 - CSA Conference in June in Edmonton would be a natural fit for a 2 hour session
- Can we use these presentations in order to boost our brand as a Process Safety Group in Canada?
