Award

A certificate.

Nominations must include:

- **Citation (250 word maximum)** statement of why the candidate should receive the award. This is the key document in the nomination and this information should be relevant to the achievements for which the award is being offered.
- **Biographical Sketch (maximum one page)**. This provides background information on the nominee and summarizes past accomplishments. This is a summary of information obtained from a C.V.
- **Curriculum Vitae (maximum nine pages)**.
- **Supporting Letters (3-5)**. At least two letters must be from outside the nominee's organization.

All nominations will remain in force for three years. Nominators are responsible for keeping the record of the nominee up to date and complete.

Membership in the Institute is not a prerequisite for this award.

The award shall be presented annually unless the Committee considers that no suitable candidate has been nominated.

The award shall be presented annually at the Canadian Chemical Engineering Conference. The recipient will be asked to present an award lecture.

The recipient of the award is encouraged to submit to the Editor-in-Chief of *The Canadian Journal of Chemical Engineering* a manuscript based on the award lecture, having contents appropriate to the Journal's objective, for consideration of publication.

Selection Committee

- CSCHE Director of Awards as non-voting Chair
- President, CSCHE
- Two past winners of the Syncrude/Hatch Award

The award shall be presented annually unless the Committee considers that no suitable candidate has been nominated.
