

Canadian Society for Chemical Engineering

Engineering Institute of Canada Honours, Awards and Fellowships Program

2020 AWARDS NOMINATION - RULES and FORM

*Note: Nominations must be received by **midnight, 15th November, 2019**, for awards and fellowships to be conferred in Spring 2020.*

Instructions for Nominators:

1. Nominations reflecting the gender diversity of the Canadian engineering community are being sought from societies or their individual members to recognize outstanding individuals that are most deserving of receiving a senior award or fellowship of the Engineering Institute of Canada. All nominations must strictly adhere to the rules and use the form prescribed herein. Nominations that deviate from such rules/form will be rejected.
2. Nominators must be members in good standing of an EIC Member Society. As **nominator**, identify a member in good standing of an EIC Constituent Society (see rule #6) as your candidate/nominee for an EIC Fellowship or Award. Discreetly securing a copy of his/her resume/curriculum vitae (CV) is encouraged, but not essential. If at all possible, the nominee should not know that he or she is being nominated. For details on each award's terms of reference, refer to EIC's web page: https://eic-ici.ca/honours_awards/ (scroll down the page to see the list and click on the award of interest).
3. Identify two or three other people who may, but need not be, members of an EIC Constituent Society and who know the nominee's accomplishments. Send them the nominee's CV (if available) and seek their agreement to serve as **supporters** of the nominee in the form of a letter. These letters of support should not exceed 2 pages in length and convey the supporter's knowledge, experience and personal interaction with the nominee. The letters should also indicate the e-mail address and position title of the supporter.
4. Complete this Nomination Form in its entirety, including a 150 to 200-word bio/citation which must be included in the space provided. To review previous citations, go to https://eic-ici.ca/honours_awards/ and click on the relevant award, then on Citation where it appears next to a recipient of interest. The citation should describe the **importance and impact of the nominee's accomplishments**.
5. **The length of the Nomination Form is four (4) pages and must not be altered in length or font size.** The selection committee is much less interested in the quantity of someone's work than it is in its quality as measured by the impact of the work on engineering and on society in general.
6. Except for the Honorary Member category, EIC recognition is reserved for members in good standing of Constituent Societies of the EIC. As regards Honorary members, they need not be engineers, though engineers are not excluded.
7. Once the 'dossier' is complete, please e-mail to ggosselin.eic@gmail.com prior to end of day 15 November (midnight). The support letters may be sent in MS-WORD or unlocked PDF documents. It is best if the nomination form is sent in WORD – not scanned).
8. In summary, the complete Nomination Package must be received by midnight 15 November and include the following documents (do not submit resumes/CVs please):
 - The completed Nomination Form, including a citation; and
 - A minimum of two (2) / maximum of three (3) letters of support.

Attachments

1. Attach a minimum of 2 and a maximum of 3 **Letters of Support**

Signature: _____ (you may use your digital signature)

Date: _____

N.B. Your signature means you have read the resume, compared it to the criteria for the Medal, Award or Fellowship, and that the written citation accurately reflects the curriculum vitae. If not sure, include a memo to the attention of EIC HAF's Chair explaining your incertitude and asking for assistance.

Send nomination package and attachments to: **Guy Gosselin, FEIC, P.Eng.**
Executive Director,
Engineering Institute of Canada

By e-mail (**preferred**): ggosselin.eic@gmail.com (Tel: 613-796-4750)
