**2020 winner of the Can. J. Chem. Eng.
Lectureship Award** 
Gisele Azimi, MCIC
University of Toronto

 **2020 winner of the Best Graduate
Student Paper Award**
"Functionalized bacterial cellulose nanowhiskers
as long-lasting drug nanocarrier for antibiotics
and anticancer drugs"
Mohamed M. Khattab
Ryerson University

“
I would like to thank all the authors, reviewers, and readers of the CJCE for their continued support in 2020. Despite the impact the pandemic has had on all of us, the journal has continued to receive top quality papers. We appreciate the prompt response of our reviewers and the dedication of our readers.
