

Sneak Peek for 2021

Every year we aim to bring the chemical sciences community valuable resources and opportunities. For 2021 we have an exciting line-up of member-exclusive perks and conferences.

Careers & Professional Development Resources

Need advice to help you better overcome your career challenges? Not sure what to do with your degree? CIC Talks Careers is our new webinar series that connects students and early career professionals to accomplished professionals and seasoned mentors working in academia, government, and industry.

JOB BOARD

Looking for a job in your field can be both challenging and time-consuming. We've made it easier. All members now have access to an exclusive job board that features many of the latest employment postings available both in Canada and abroad.

CCCE 2021
MONTREAL
OCTOBER 24-27

IUPAC | CCCE 2021 & CCEC 2021

We invite you to the first IUPAC | CCCE 2021 that is occurring virtually. Following up in the fall, we have our CCEC 2021 conference. These are great opportunities to network and present your research to a global audience.

Virtual Recordings

Did you miss a webinar you really wanted to see? Don't worry! We understand how busy you are. That's why we're providing member-exclusive access to virtual recordings of CIC VIRTUAL. It's as simple as logging into your account to watch past recordings.

Chem-tenial: Our 100th Anniversary

This year, we're celebrating our 100th year of serving the chemical sciences community in Canada.
