# Canadian Green Chemistry and Engineering Award (CSA Group Award for Organizations)

The Canadian Green Chemistry and Engineering Award (CSA Group Award for Organizations) is presented to an organization (not-for-profit or profit) which is based in, or which has significant investment in Canada and which has made significant contributions to the field of green chemistry and engineering, including the technical, economic, human health and environmental benefits. The organization may be from industry, government, or academia or a not-for-profit in Canada.

## Deadline

August 1 of every year

## Sponsor

No sponsor (formerly [CSA Group](#))

## Award

- A framed scroll
- \$1,000 cash prize
- The award shall be presented at one of the Chemical Institute of Canada's (CIC) annual conferences, an independent conference or symposium organized by the CIC or an event chosen by the CGCEN. The recipient will be asked to present an award lecture.

## Nomination Requirements

A nomination package must be submitted electronically through [Awards Force](#). The package should include the following:

- **Citation** Provide a brief statement (approximately 250 words) of why the candidate/group/team should receive the award.
- **Biographical Sketch** (for individuals only — maximum one page) Provide background information on the nominee and summarize past accomplishments. This is a summary of information obtained from a C.V.
- **Support Documents** This is the key document in the nomination and this information should outline areas where the individual meets the criteria listed in the Terms of Reference for this award, including awards, patents and other related information.
- *For individuals*, an abbreviated C.V., no longer than nine pages is accepted. including background information on previous awards, fellowships and plenary lectures at national and international meetings; projects being carried out, CIC activities and other information particularly related to green chemistry or engineering.
- **Supporting Letters** (3 to 5) It is CIC policy that a minimum of three and a maximum of five letters of support are required. At least two must be from outside the nominee's organization.

## Eligibility

Membership in the Chemical Institute of Canada is not a prerequisite.

Chemical Institute of Canada | ***For Our Future***  
Institut de chimie du Canada | ***Pour notre avenir***

All nominations will remain in force for three years. Nominators are responsible for keeping the record of the nominee up to date and complete.

## Selection Committee

- Chair of the CGCEN
- Two past winners of this award
- One additional member appointed by the Board of Directors of the CGCEN.

Selection Committee members may also be members of the CGCEN Board of Directors.

It is recommended that members of the committee are from all sectors: industry, government and academia.

An award may not be given in a particular year.
