Strem Award for Pure or Applied Inorganic Chemistry

This award will be presented to a Canadian citizen or landed immigrant who has made an outstanding contribution to inorganic chemistry, demonstrating exceptional promise, while working in Canada. Eligible candidates must have held their first professional appointment as an independent researcher in academia, government, or industry for ten years* or less at the time of nomination. Awardees must be members of the Inorganic Division working in Canada at the time of the award.

*excluding time spent on parental leave

Deadline

August 1 of every year

Sponsor

Award

- A framed scroll
- Up to \$1,000 in major travel costs for this tour will be reimbursed on application to the Inorganic Chemistry Subject Division Treasurer; local costs (taxis, accommodation and meals) will be expected to be covered by the host institution(s).
- An award lecture to be given in an inorganic chemistry symposium at the annual CSC conference, and a lecture tour to one or more Canadian universities that are not in major centers, and whose students normally do not travel to CSC meetings.

Nomination Requirements

A nomination package must be submitted electronically through [Awards Force](#). The package should include the following:

- **Citation** (250 word maximum) statement of why the candidate should receive the award. This is the key document in the nomination and this information should be relevant to the achievements for which the award is being offered.
- **Biographical Sketch** (maximum one page) This provides background information on the nominee and summarizes past accomplishments. This is a summary of information obtained from a C.V.
- **Curriculum Vitae** (maximum nine pages).
- **Supporting Letters** (3 to 5) At least two letters must be from outside the nominee's organization.

Eligibility

An award winner must be a member in good standing to receive an award by the CSC, CIC, or CSChE. For award nominees CIC membership is encouraged but not required. Exceptions may be given in some award ToR.

Award nominees and nominators are ineligible to submit a nomination, if they have insights (or may be perceived to have insights) on the identity of the pool of nominated individuals. Ineligible nominees and nominators include the Directors for Awards of the three societies, and those serving on the respective award adjudication committees.

Members of the Boards of Directors of the CIC, CSC, or CSChE may nominate and support other nominees for any award, but they cannot be nominated for awards while serving on the respective board.

If the nominee has previously received awards by the CIC and/or Societies, the nominator must differentiate the current achievement from those that have been previously recognized.

The nomination shall remain in force for three consecutive years. Nominators are responsible for keeping the record of the nominee up to date and complete by following the resubmission [instructions](#) annually.

Selection Committee

- CSC Director of Awards as non-voting Chair
- Chair of the Inorganic Chemistry Division
- Past two winners of the Strem Chemicals Award for Pure or Applied Inorganic Chemistry

An award may not be given in a particular year.

The CSC strongly believes that equity, diversity, and inclusion (EDI) are foundational to the chemical sciences and society. For this and all of our awards, we encourage applications from those who identify as members of historically underserved communities, including but not restricted to those who identify as women, Indigenous Peoples (First Nations, Inuit and Métis), persons with disabilities, members of visible minority/racialized groups and members of LGBTQIA2S+communities.
