Lionel Chemistry Scholarship

About the scholarship

The Lionel Chemistry Scholarship has been established to assist high-achieving high school students who plan to study chemistry, biochemistry or chemical engineering at a postsecondary institution, but who would not be able to attend without significant financial assistance. Selection is based on achievement in high school and/or Cégep, interest in chemical-related studies, and financial need. The scholarship is given towards up to 4 years tuition in the program.

Sponsor

Lionel Investments Ltd.

Scholarship amount

\$4,000 per year, renewable for up to 4 years in a chemistry, biochemistry or chemical engineering program. Several scholarships may be offered each year.

Eligibility

To be eligible for this Scholarship, the student must:

- Be a Canadian citizen or permanent resident;
- Have shown an interest in chemistry related studies;
- Plan to enroll in a BSc program in chemistry, biochemistry or chemical engineering at a Canadian university, or diploma program at a college or Cégep, within the year of graduation from high school; and
- Demonstrate need for financial assistance;

Qualifications for Scholarship Renewal

To be eligible for this Scholarship Renewal, the student must:

Chemical Institute of Canada | **For Our Future**
Institut de chimie du Canada | **Pour notre avenir**

- Maintain a B (75%) average minimum throughout their program of study; and
- Provide annual proof that they are continuing in a chemistry, biochemistry or chemical engineering program.

How to apply

Eligible students should submit the following by March 1 of each year. (If March 1 is a weekend, the deadline reverts to the next working day).

- Letter outlining future goals and plans to achieve them
- Official High School Transcripts
- At least one Letter of Recommendation (high school science teacher/ guidance counsellor or other school official). The letter should include a description of the applicant's enthusiasm and commitment toward a chemistry-related career, as well as their academic success. If the student has participated in any other science outreach activities a letter of recommendation from the coordinator would be useful. (Canadian Chemistry Contest, Canadian Chemistry Olympiad, National Chemistry Week, etc.)
- Demonstrated need for financial assistance
- Provide names of other scholarships received
- Other documents showing interest or financial need such as reports, abstracts, personal statements, resumes, reference letters may also be included (Optional)
