## CSC Silver Terms of Reference

Each year, the CSC awards silver-plated medals to the top students at each Canadian university entering their final year of chemistry or biochemistry. Related chemistry programs are not eligible for CSC Silver Medals. One award is given for each program.

### Nomination

The Faculty Advisor, Department Head, Awards Officer, or other university official provides the CSC Awards Manager with the name of the candidate. Silver medals may be requested at any time during the school year. Please specify the year for which the medal is being presented.

### Award

Silver plated medal and certificate.

### Submit
