

Chemical Institute of Canada | **Chemical Education Fund**  
Institut de chimie du Canada | **Fonds pour l'enseignement de la chimie de l'ICC**

### **2025 CIC Chemical Education Fund Grant Recipients**

The CIC [Chemical Education Fund](#) (CEF) is a registered charity to promote education in the fields of chemical sciences, chemical engineering, chemical technology and related disciplines. Each year, the CEF awards financial support to various education events and initiatives. The full list of funded 2025 CEF grant recipients is below, and examples of previously funded activities are available online. These events and initiatives will be highlighted in Community News articles throughout the year as they occur.

#### **Chemical Biophysics Symposium**

Hosted by University of Toronto

#### **53rd Southern Ontario Undergraduate Student Chemistry Conference**

University of Guelph Undergraduate Chemistry and Biochemistry Club

#### **CSCHE 2025 Plant Design Competition**

Hosted at CSCHE 2025

#### **Western Canadian Undergraduate Chemistry Conference**

Hosted at University of British Columbia, Okanagan

#### **CSC 2025 Young Professional/Student Program**

Chemical Institute of Canada

#### **CSCHE 2025 Young Professional/Student Program**

Chemical Institute of Canada

#### **Journée de la relève en génie chimique et génie biotechnologique/ Emerging Professional's Day in Chemical Engineering and Biotechnology Engineering**

Hosted at Université de Sherbrooke

#### **Exploring Green Catalysis Symposium**

Hosted by the Green Chemistry Division

#### **National Crystal Growing Competition**

Hosted by Saint Mary's University

## **Inexpensive Dye Cast Filters to Help those with Colour Vision Deficiency (CVD)**

Dalhousie University

## **Projects for Professional Development**

Toronto Local Section

## **We Love Science Week**

Thompson Rivers University

## **ChemCon 2025**

Hosted by University of Prince Edward Island
